*Docendo discimus*

## Education

- 2015 **BSc Informatik**, *Goethe-Universität*, Frankfurt, 90/180 Credits.  
Presently, I work with a group on the Toxic Comment Classification Challenge.
- 2015- **MSc Economics**, *Rheinische Friedrich-Wilhelms-Universität*, Bonn, GPA 3.9, 90/120 Credits.  
I will look at voting systems with a limited message space for voters.
- 2015-2017 **MSc Mathematics**, *Rheinische Friedrich-Wilhelms-Universität*, Bonn, GPA 3.9.  
My thesis studied classification of graphs theoretically using the theory of graphons and applied it to neuroscience data. [1] contains results from the thesis.
- 2013-2014 **MSc Mathematik**, *EPFL*, Lausanne, Without degree.  
I undertook a research project in discrete optimisation at Prof. Eisenbrands chair: I studied weakly submodular functions. The results can be found here.
- 2012-2014 **BSc Mathematik**, *Rheinische Friedrich-Wilhelms-Universität*, Bonn.  
My thesis studied the integrality gap of the Subtour Elimination Polytope for the special case of the Euclidean Travelling Salesperson Problem.

## Work

- 2017-2019 **Fellow**, *Teach First Deutschland Berlin gGmbH*, Groß-Gerau, at BeruflicheSchulen Groß-Gerau.  
I teach apprentices and junior high students and establish new working groups at the school (Debating, Model United Nations). Among others, I installed a *Github Classroom* for apprentices. I wrote a (German) introduction to Git for my students here. I teach programming in C#.
- 3-9/2017 **Scientific Assistant**, *Rheinische Friedrich-Wilhelms-Universität*, Bonn.  
For the chair of stochastic analysis (Prof. Eberle), I unified templates for lecture notes and automatised the creation of images. Please find an example of the revamped notes here.
- 2-3/2017 **Internship Scientific Assistance**, *Delegate in German Bundestag Marian Wendt*, Berlin, Inner, Digital, NSA.  
I conducted research on subjects of politics of the inner and prepared meetings.

## Stipends and certificates

### Stipendien

- 12/2017- **Scholarship**, *Junge Akademie*, Frankfurt.
- 10/2018 The Young Academy supports me in the development of a social project
- 4/2013- **Scholarship**, *Evangelisches Studienwerk*, Villigst.
- 9/2017 Evangelisches Studienwerk is one of the 13 institutions that grants federal scholarships to students.

### Certificates

- 02/2018 "Probabilistic Graphical Models: Representation", "Sequence Models" (Coursera, Stanford University)
- 10/2017 "Neural Networks and Deep Learning", "Improving Neural Networks: Hyperparameter tuning, Regularisation and Optimization", "Structuring Machine Learning Projects" (Coursera, deeplearning.ai).
- 9/2017 "Machine Learning" (Coursera, Stanford University).
- 11/2017 "Satisfied and Successful – the art to fascinate students as a teacher." (Heräus-Bildungsstiftung)

## Awards

- 3/2017 **Honorable Mention Delegation**, *National Model United Nations*, New York, USA.  
This is awarded to the 50% of the best delegations at NMUN.
- 1/2017 **Diplomacy Award**, *National Model United Nations*, Heidelberg.  
This is an award for the 15% best delegates at the simulation. Here, in the role of China in World Bank.
- 3/2016-3/2017 **Mathematisch-Naturwissenschaftliches Kolleg**, *Studienstiftung des Deutschen Volkes*, Bad Honnef, Wittenberg, Nürnberg.  
In three seminar weeks we tackled problems from theoretical computer science, logics and mathematical puzzles.

## Languages

English (C2), French (B2)

## Digital

LaTeX (expert), python, pandas, keras (advanced), Version Control (Git, Mercurial), C#, Photoshop, InDesign, Matlab, R (good)

## Extracurricular

- 4/2017- **Layout**, *Brühwürfel*, Villigst.
- 10/2018 Ich did the layout of a magazine of Evangelisches Studienwerk. As it was published internally, please contact me, I will send you a version.
- 11/2017- **Head Delegate**, *SPECQUE sf*, Saarbrücken-Frankfurt.
- 08/2018 I am co-head delegate of a delegation to the French speaking simulation of the European parliament SPECQUE
- 7/2017- **Event Logistics**, *Bildungsfestival*, Essen.
- 6/2018 Bildungsfestival is the venue where 180 students give self-envisioned workshops for other students. I am doing event logistics here.
- 9/2017- **PR**, *Learning Holidays Work Hard Get Smart*, Baden-Württemberg.
- 3/2018 I created advertising material for the holidays in InDesign.
- 09/2015- **Participant in Programme Committee**, *Evangelisches Studienwerk*, Villigst.
- 11/2016 For the summer university of Villigst, I did the correspondence for seminars on syncretism, matching algorithms and text statistics.
- 3/2015- **Editor**, *Bonn Journal of Economics*, Bonn.
- 3/2016 I helped authors in creating an extended abstract of their thesis for the journal. Furthermore, I created a new LaTeX template for it. Here you find an issue I typeset.

## Invited talks

- 11/2017 **Organiser**, *MLworkshopVilligst*, Tübingen.  
I organised a workshop on the theory and practice of machine learning at Tübingen
- 10/2017 **Panelist**, *Jens Weidmann and Klaas Knot Meet Students*, Frankfurt.  
After a selection process, I participated in a panel discussion with Jens Weidman and Klaas Knot.
- 9/2017 **Speaker**, *Workshop Intelligent Machines*, Schwerte.  
I lead a workshop on recommender systems.
